

DARKTABLE

Exemple de Mise en application des tutos précédents sur les cadres et filigranes

The screenshot displays the Darktable software interface. The main window shows a photograph of a coastal scene with a white house and a boat. The photo is framed by a decorative border. In the bottom left corner of the photo, there is a camera lens icon and the text "Mon Logo Signature". In the bottom right corner, there is a signature "Patrick Robin". Below the photo, the camera metadata is displayed: "Exifs : Sony DSLR-A200 • 1/250 • f/10,0 • 24mm • 100 ISO".

The interface includes a top bar with the Darktable logo, a status bar indicating "1 image sur 21 (#3) sélectionnée dans la collection courante", and navigation tabs for "table lumineuse", "chambre noire", and "autre". A sidebar on the right contains a histogram and a list of modules, including "filigrane exifs", "filigrane signature", "filigrane mon logo", "cadre décoratif extérieur", "cadre décoratif blanc", and "vignetage". The Windows taskbar is visible at the bottom of the screen.
